

LAKSHITA

Python Developer · AI & Data Applications

lak03shita@gmail.com · linkedin.com/in/lakshita-047439224 · github.com/stakefire99

PROFESSIONAL SUMMARY

Python Developer and MCA Data Analytics student (2026) with practical experience building and deploying AI-powered applications. Built four live Streamlit applications — RetentionIQ AI (churn prediction), TalentPulse AI (job market intelligence), ApexF1 (race analytics), and AI Resume Analyzer (NLP + OpenAI) — all deployed and publicly accessible. Currently deepening Python expertise through an active internship at The Developers Arena. Passionate about creating intelligent, data-driven tools that solve real problems.

KEY SKILLS

Languages & Frameworks: Python · SQL · HTML/CSS basics

Libraries: Pandas · NumPy · Scikit-learn · Matplotlib · Seaborn · Plotly

AI & NLP: OpenAI API · Prompt Engineering · NLP · LLM Integration

Web & Deployment: Streamlit · Flask · REST APIs · Streamlit Cloud · Git · GitHub

Data: EDA · Data Cleaning · Feature Engineering · ML Modeling

DEPLOYED APPLICATIONS

RetentionIQ AI

ML Churn Prediction Platform · retentioniq-ai-auekhnp1rdesbffqrojbcg.streamlit.app

- Engineered a RandomForest churn prediction model on the IBM Telco dataset with full preprocessing pipeline.
- Built and deployed an interactive Streamlit app with risk scoring, feature importance charts, and customer-level predictions.
- Tech: Python · Pandas · Scikit-learn · Plotly · Streamlit Cloud

TalentPulse AI

Job Market Intelligence App · talentpulse-ai-nur9vuy5jesmnrerwdzfy0.streamlit.app

- Built a full analytics application analyzing job postings data for skill trends, salary benchmarks, and demand by role.
- Deployed on Streamlit Cloud with dynamic filters and interactive Plotly visualizations.
- Tech: Python · Pandas · Plotly · Streamlit Cloud

ApexF1 Intelligence Platform

Sports Analytics & ML App · apexf1-intelligence-platform-3mh6rdmfk9pdvgrfh9rgbg.streamlit.app

- Built a 62-file Streamlit application covering F1 driver analytics, constructor standings, lap time analysis, and ML race predictions.
- Designed with modular Python architecture and clean separation of data, model, and UI layers.
- Tech: Python · Pandas · Scikit-learn · Plotly · Streamlit Cloud

AI Resume Analyzer

NLP + OpenAI Application · ai-resume-analyzer-l4jf3yefxf3wbp6msxq430.streamlit.app

- Integrated OpenAI API to build an ATS scoring and skill gap analysis tool with AI-generated resume feedback.
- Applied prompt engineering to produce structured, actionable output from unstructured resume text.
- Tech: Python · OpenAI API · NLP · Streamlit Cloud

OTHER PROJECTS

ECHO — AI Conversational Assistant · Python · OpenAI API · NLP · Streamlit

- Designed and built an AI-powered chatbot with multi-turn conversation memory using OpenAI API and prompt engineering.
- Applied prompt engineering to fine-tune model behavior for improved interaction quality.

Personal Productivity Suite · Python · CLI · OOP

- Built a modular CLI toolkit — notes manager, file organizer, timer, and backup — demonstrating clean OOP architecture.

Social Media Platform · Python · Django · SQL

- Full-stack Django social media app with user authentication, profiles, posts, and follow features.

WORK EXPERIENCE

Python Development Intern

The Developers Arena

Feb 2026 – Ongoing

- Building Python-based solutions including data pipelines and analytical scripts for real-world business problems.
- Working with Pandas, NumPy, and REST API integrations; developing skills in clean code and collaborative development.
- Debugging and optimizing scripts to improve performance and code reliability.

Data Analysis Intern

Cognizant Technologies

Mar 2026 – Apr 2026

- Used Python to automate data workflows and applied Pandas/NumPy for data manipulation and visualization pipelines.
- Produced analytical reports that directly supported stakeholder decisions.

Content Writer

Zuraverse

Jul 2023 – Sep 2023

- Produced technical content — now shapes how I write documentation and present software outputs clearly.

EDUCATION

Master in Computer Application (Data Analytics)

Jain University · Delhi · 2024 – 2026

Bachelor in Computer Application

GL Bajaj Institute of Management & Technology · 2021 – 2024

CERTIFICATIONS

- JPMorgan Chase & Co. — Quantitative Research Virtual Experience (Forage)
- Deloitte — Data Analytics Program
- Internshala — Post Graduate Certificate in Data Science
