

# LAKSHITA

## Business Intelligence Analyst

lak03shita@gmail.com · linkedin.com/in/lakshita-047439224 · github.com/stakefire99

### PROFESSIONAL SUMMARY

---

Analytically driven MCA Data Analytics student (2026) with focused expertise in Business Intelligence, dashboard design, and data storytelling. Proficient in Power BI, DAX, Advanced Excel, and Python for transforming raw business data into visual insights. Built and deployed four live analytics applications — including RetentionIQ AI (churn analytics), TalentPulse AI (job market intelligence), and ApexF1 (sports analytics) — demonstrating end-to-end BI product delivery. Backed by a JPMorgan quantitative research program and Deloitte data analytics certification.

### KEY SKILLS

---

**Business Intelligence:** Power BI · DAX · Data Modeling · Interactive Dashboards · KPI Tracking

**Reporting & Excel:** Advanced Excel · Pivot Tables · Dynamic Charts · VLOOKUP · Data Validation

**Analytics:** Python · Pandas · SQL · EDA · Data Cleaning · Trend Analysis

**Visualization:** Plotly · Matplotlib · Seaborn · Power BI Custom Visuals

**Tools:** Streamlit · Git · Jupyter Notebook · VS Code

### DEPLOYED ANALYTICS APPLICATIONS

---

#### TalentPulse AI

Job Market Intelligence Dashboard · [talentpulse-ai-nur9vuy5jesmnrerwdzfy0.streamlit.app](https://talentpulse-ai-nur9vuy5jesmnrerwdzfy0.streamlit.app)

- Designed a BI-style dashboard analyzing job market trends, in-demand skills, and salary benchmarks across roles and industries.
- Built interactive filters, trend charts, and skill frequency visuals to enable self-service career analytics.
- Demonstrates core BI skills: data modeling, visual storytelling, and translating data into decisions.
- Tech: Python · Pandas · Plotly · Streamlit

#### RetentionIQ AI

Customer Churn Analytics Platform · [retentioniq-ai-auekhnp1rdesbffqrojb0g.streamlit.app](https://retentioniq-ai-auekhnp1rdesbffqrojb0g.streamlit.app)

- Built a churn analytics dashboard with risk scoring, feature importance, and customer-segment breakdown.
- Designed for business users — clean layout, KPI cards, and drill-down filtering.
- Tech: Python · Pandas · Scikit-learn · Plotly · Streamlit

#### ApexF1 Intelligence Platform

Sports Analytics Dashboard · [apexf1-intelligence-platform-3mh6rdmfk9pdvgrfh9rgbg.streamlit.app](https://apexf1-intelligence-platform-3mh6rdmfk9pdvgrfh9rgbg.streamlit.app)

- Built a multi-section analytics dashboard covering driver stats, constructor standings, lap time trends, and race predictions.
- Tech: Python · Pandas · Plotly · Streamlit

### BI & REPORTING PROJECTS

---

#### Walmart Sales Dashboard · Power BI · DAX · Data Modeling

- Designed a fully interactive Power BI dashboard with data models connecting product, region, and sales tables.
- Visualized KPIs by region and category; implemented slicers and drill-through for self-service analytics.
- Enabled leadership to identify performance gaps through visual storytelling and dynamic filtering.

#### FedEx Logistics SQL Analysis · SQL · Reporting

- Wrote structured SQL queries to surface delivery delay patterns, route inefficiencies, and warehouse performance metrics.

- Produced clear reporting outputs aligned to operational decision-making needs.

**Tesla Stock Performance Analysis · [Advanced Excel](#)**

- Built a dynamic Excel dashboard with pivot tables and charts analyzing historical returns and volatility metrics.

**WORK EXPERIENCE**

---

**Data Analysis Intern**

[Cognizant Technologies](#)

*Mar 2026 – Apr 2026*

- Cleaned and structured datasets using Python, preparing them for BI reporting workflows.
- Produced data visualizations and summary reports that directly informed business decisions.
- Worked with stakeholders to identify key metrics and translate them into meaningful dashboards.

**Python Development Intern**

[The Developers Arena](#)

*Feb 2026 – Ongoing*

- Supporting data-driven projects by writing Python scripts for preprocessing and analysis pipelines.

**Business Development Executive**

[SIXPL](#)

*Jul 2024 – Sep 2024*

- Leveraged data-driven insights and communication skills to achieve the company's first overseas sale.

**EDUCATION**

---

**Master in Computer Application (Data Analytics)**

Jain University · Delhi · 2024 – 2026

**Bachelor in Computer Application**

GL Bajaj Institute of Management & Technology · 2021 – 2024

**CERTIFICATIONS**

---

- JPMorgan Chase & Co. — Quantitative Research Virtual Experience (Forage)
- Deloitte — Data Analytics Program
- Internshala — Post Graduate Certificate in Data Science
